

Choose Life Center's Maternity home – NEST

The reality? Many women who have faced an unplanned pregnancy, and chose life for their babies, have no support from their partner, family, or friends. While encouraging someone to choose life we also have to be ready to help them in their difficult situations.

Our solution – A Home for moms and their new babies. To provide a haven from worries and problems, but also a place to learn responsibility, a place to be nurtured and better prepared for life.

Changed lives – Women transformed from helpless and hopeless to better prepared for the responsibilities of motherhood and their own futures.

One story

A women who left our home this fall, after staying in our home for one year has a job in a shop, her son goes to nursery and they have rented a flat...life looks good for two of them.

It was our responsibility and privilege to help them.

„Therefore **choose life**, that you and your offspring may live. “

Deuteronomy 30:19

Jovanka - for the first time in her life she lives in a warm home that has running water.

She is 21 years old. She has a daughter who is three years old and a baby boy. She has lived all her life in a Roma community and there the living conditions were very bad. Her newborn baby boy was ill all the time and many times in

hospital due to pneumonia or severe bronchitis and *now...* they are in our Maternity home and both of her children are blossoming and Jovanka too.

We continue to develop programs that we offer to young moms who are living in our home.

This year we want to add new trainings so apart from Parenting education, regular Bible–studies, and Life skills education we are creating materials in the area of Personal finances and Healthy communication.

Little Daniela and her brother Stephan love their new life ...and new toys!

CHRISTMAS MEAL for our clients

Partnership with FOOD BANK SERBIA and Paguilla Trust.

We have supported a project of Food bank and organized volunteers and we have collected food for many parcels that we will now prepare for our clients and their children. Also we will be able to fund a Christmas meal for many families.

To teach others, to learn from others...

ROMANIA...

For us it is of great importance to teach others of what we have learnt through 13 years working with clients in situations of unplanned pregnancy. We cherished that we could join the Heartbeat International team of trainers and teach on Love Approach, a fantastic volunteer training. The training took place in Romania and most of the people were from Romanian Orthodox church.

BELGIUM...

European Advocacy Academy has organized training on Effective campaigning. We have a privilege to learn from people who influenced Godly changes in their countries, organized referendums, changed the Constitution of their countries etc. With this new knowledge comes a greater responsibility. We need your prayers!
