INTERNATIONAL

# 2018 European Pregnancy Help Summit

17-19 October, 2018 | Belgrade, Serbia | Crystal Hotel

Pregnancy help heroes are championing life every day across the European landscape. The venues for such life-affirming efforts vary from telephone/email/hotline/and online to actual office space. The daily, compassionate outreach to women and men dealing with an unexpected pregnancy is affected by, but far removed from the political wrangling. Those called to this work are facing great challenges in answering the call to save and defend life. We invite all pregnancy help workers, and especially leaders, to gather together to share information and understanding as well as to gain insight from others.

**Who should attend?** Anyone involved in life-affirming pregnancy help – direct service to women facing an unexpected pregnancy – is welcome.

Along with plenary sessions that will inspire and inform, there will be breakout forums on vital topics that challenge all pregnancy help efforts – issues on leadership, fundraising, client care and the use of technology to more effectively reach clients and donors. These breakouts will be participatory in nature; as you plan which ones to attend, please come prepared to share your knowledge and experience as well.

**English will be the primary language for plenary sessions and breakout facilitation.**

## **COST FOR REGISTRATION:**

89€ includes all registration materials, summit meals (3) and coffee breaks (2).

*Due to a special grant, registration, summit materials and hotel stay for both nights (Wed & Thu) and Summit meals is complimentary for the first four attendees from your organization (double occupancy only) This is limited on a first come, first serve availability.*
