

Medical Essentials

Brand: Resources
Product Code: 10MEDESS2.0

Price: \$124.00

Short Description

Bring Medical Essentials to your organization to help guide your steps for bringing medical services to your clients and community.

Description

Should your center's future include medical services? Medical Essentials will help you, your board, and your medical staff explore the rationale of expanding into this new, pro-life area of high-value professional service. Bring Medical Essentials to your organization to help guide your steps for bringing medical services to your clients and community.

Medical Essentials covers the planning, implementation, and principles important to pregnancy and women's well-being. The manual also includes the tools your center needs to navigate and comply with U.S. regulatory standards.

From adding ultrasound and STD/STI testing to abortion pill reversal and more, Medical Essentials is your go-to guide for adding and improving the tools and expertise you need to help each client make the healthiest choice for everyone involved in an unexpected pregnancy.
