

The LOVE Approach, 4th Edition Training Manual

Brand: Resources
Product Code: 10LOVEAP4.0

Price: \$44.00

Description

NEW 4th Edition (2021)

Originally developed by Heartbeat International president Peggy Hartshorn, Ph.D., *The Love Approach*™ Training Manual is simple to learn, yet explosive in its impact. This manual captures and communicates the essence of what it means to reach a woman in the "valley of decision" with the life-saving power of compassion and hope.

This manual teaches the principles of service in a life-affirming organization so that helpers feel more confident when they work with women in need.

Features

- Valuable for classroom training and one-on-one sessions.
- Straightforward, practical technique for advising clients in person, on the phone, and online.
- Convenient space for organizing materials from your center (including policies, procedures, and more).

In the first three Chapters, I: "Foundational Principles," II: "The Four Steps of LOVE," and III: "Legal Principles," the manual provides an excellent way to train staff who will be consulting with clients or patients to help them meet behavioral objectives. The goal of these Chapters is to develop or enhance the behaviors and skills that they will need to help the client with problem solving and with help and support in a loving, caring way.

The goal of the remaining Chapters is to provide crucial information and knowledge to

help meet cognitive objectives. The trainee should be familiar with the information in these remaining Chapters, know it, and understand it in order to work within your organization. This information guides staff in using The LOVE Approach™ to its fullest potential when introducing options, providing new vision, and offering concrete support. These Chapters are IV: “Fertility and Tests,” V: “Pregnancy,” VI: “Fetal Development,” VII: “Abortion,” VIII: “Parenting Choices,” and IX: “Sexual Integrity.”
