

Check Your Bias at the Door

Brand: Heartbeat Academy
Product Code: 1143

Price: \$14.95

Short Description

We all have biases in life, based on our own experiences, upbringing, and exposure to various manners of thinking. We shouldn't be expected to be bias-free, but we CAN become more aware of how our biases can influence us as pro-life advocates and then learn to "leave them at the door" when they limit our effectiveness in reaching clients from various backgrounds and perspectives.
