

The Rise of the Virtual Nurse and Implications for Virtual Concierge Nursing

Brand: Heartbeat Academy
Product Code: 1397

Price: \$14.95

Short Description

For decades, nurses have provided virtual care to a plethora of populations within and outside of brick and mortar hospitals and clinics. Participants in this session will discuss the independent practice patterns of nursing that do not require medical over-site and examine opportunities to support vulnerable maternal infant populations.

Presented by Teresa Rincon
