

Sharing About Adoption in the Counseling Room: A Trauma Informed Approach

Brand: Heartbeat Academy
Product Code: 152

Price: \$9.95

Description

This webinar will equip client advocates and pregnancy support workers with practical tools to share about adoption with every client in a way that is trauma-informed and honoring to their story. We will discuss how to avoid becoming coercive when talking with each client about her options (adoption, parenting, and abortion).

We will talk about real-life examples to help you feel confident in the counseling room as you quickly build rapport with your clients and point them to truthful information so that she is equipped to bravely pick the best option for her and her baby!
