Presented by Joe Pellegrino

Many men are struggling and do not know where to turn. Others have given their life to Christ and have a strong foundation, but have not built up their lives to fully live out their purpose. The 7 Pillars help men focus on these crucial life skills.

In this session you'll learn a successful plan that will help men answer two questions: 1. What foundation am I building my life on? 2. What is my game plan to win in life and build a Christ-centered legacy?
