Description

We know that God calls each of us to sexual purity, but how can we ensure this standard is maintained within the walls of our own ministries?

In this session, we'll not only cover the importance of prioritizing sexual purity in our organizations, but also discuss what sexual sin among staff and volunteers may look like and how, through God's power, His word, and His people, any worker who repents and comes back to Him, can be refreshed and used in immeasurable ways! Finally we'll cover key safeguards to put in place through training and proactive policies as we strive to avoid "a hint of sexual immorality, or of any kind of impurity, or of greed, because these are improper for God's holy people." (Ephesians 5:3)
